EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Raymond Cardillo, Jr. (40,440) on 4/4/06.

The application has been amended as follows:

In claim 7, insert the following “, said at least three different areas being non-overlapping” after the word “device” on line 6.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

In regard to claims 7 and 9, the prior art does not disclose an imaging apparatus with the combination of limitations specified in the claimed invention, specifically the limitations of:

the lens apparatus directing at least three images of the subject onto at least three different areas of the surface of the imaging device, said at least three different areas being non-overlapping;

an electric signal processor configured to interleave the at least three images of the subject to form an integrated image of the subject, as specified in claim 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 6,686,956, discloses an imaging apparatus that uses an optical wedge and lens to create multiple overlapping low-resolution images of a whole object; and logic used to construct a high-resolution image of the object by interleaving the picture elements of the low-resolution image.
